

nav-bar will be transperent and will stay at the top (will not move down with the page)

Home About Education Work Interests Contact

background will be some type of pricutre

Sofia Colorado

Web developer and Designer

a qoute /short phrase that I like

work 1

short quick porfolio, and can take them to “work” page

work 2

view all work

work 3

when the user clicks on get in touch, it takes them to contact page

let’s work together!
get in touch

About Education Work Interests Contact

footer will have the same content at the nav, but in a different format
